

North Eastern Ohio Orienteering Club Event Results

Location: Quail Hollow
Date: November 1, 2014
Format: Cross Country – Night-O.
Conditions: It had rained the day before the event, so parts of several trails and some lower spots were muddy and bridges were slick. During the event some participants felt spotty raindrops or even ice pellets hit them. Temperatures were only in the mid 30s. In spite of the conditions, and the Club's inability to use the Park's indoor facilities, all pitched in unhesitatingly to adapt to the challenges the circumstances presented and the event went off successfully. Several participants were doing orienteering for the first time and none seemed discouraged by their experiences (maybe it was the cider, bananas or cookies at the end which won them over!).

Courses: Three courses were offered in the final event of NEOOC's 2014 calendar. A Short Course (2.3 km) gave 10 participants in 3 starts the chance to be introduced to orienteering or just to get in some exercise, a Medium Course (3.1 km) proved the most popular and was run by 15 participants in 8 starts, and 4 participants in 3 starts ran the Long Course (5.3 km).
