One of the odd realities of orienteering is that no matter how good someone may be on the course, it can still be hard to find the event venue! Hinckley Ledges Lake seems to consistently have this effect on our members, but fortunately a large contingent of NEOOC ‘buzzards’ successfully found their way to this special event. We heard great reports from them about the orienteering and the course for this beautiful summer day. Conditions were very dry, and the vegetation thick. After the 1.5 hour score course (results below), we all partook of a fine picnic supplied by

the Club, and many of our younger members (and a few older) enjoyed cooling down in the pool.
