

FallsQuest 2026 Results

Participants in the 13th edition of this event enjoyed some of the best weather... not too warm, cloudy, and the occasional light drizzle that helped keep us cool. Many thanks to **Kathy Christy & Jay Smink** for all they did to orchestrate our day. Also, thanks for the facility provided by the **Cuyahoga Falls Parks & Rec Department**.

Everyone seemed to have a fun and rewarding experience despite finding the four of the sixty-eight checkpoints were either removed or were a block from their circled location.

A total of 57 people participated with seven bike groups and 21 hike/run groups.
